

BEAT TAPE, featuring an SAMPLING and ACAPELLA, from DJ Y.K. Beats

The image is a graphic design featuring the words "HOLYWORLD" in a large, stylized font. The letters are primarily yellow with orange outlines, set against a textured yellow background. The letters are partially obscured by a large, dark gray or black geometric shape on the right side. The overall style is minimalist and modern.

The amazing sounds I've been able to **SAMPLE**.

To create something from one's **HEART.**

With "Y.K. Beats," I aimed to elevate familiar sounds from my childhood - anime, TV shows, and commercials - into something entirely new by sampling and reworking them to create unique beats. Enjoy it!

I wanted to capture the essence of **CLASSIC HIPHOP.**

I wanted to experience music on a deep, visceral level. Hip-hop was the perfect medium for me to explore that. I wasn't chasing validation; I was striving for pure self-expression. That's the heart and soul of this "**D.T.Y.K. tape.**"

In this age of solo creation, I wanted to complete this project entirely by myself. As I'm not a rapper, I chose to make it an **ACAPELLA REMIX.**

It started out as a playful **EXPERIMENT.**

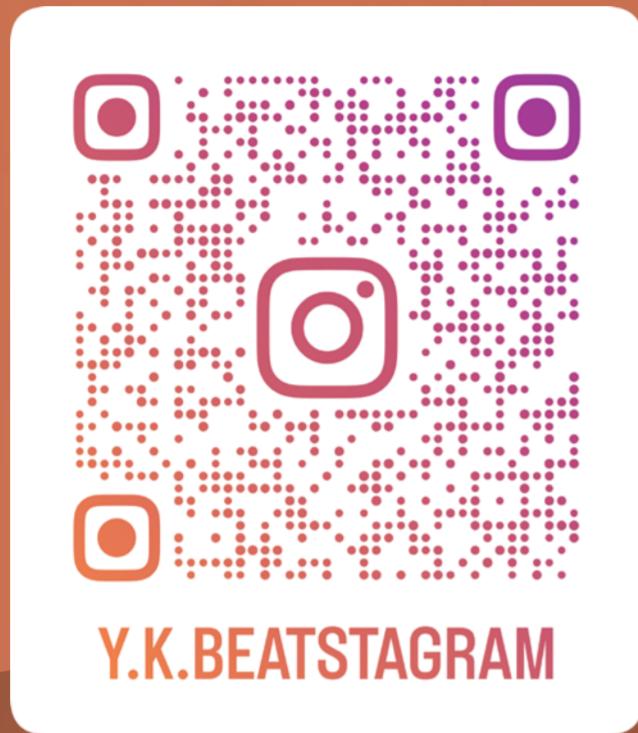

I've been immersed in the music of the Showa era for as long as I can remember. From my youth, I've been spinning 7-inch records of Showa-era pop and anime songs as a DJ, and I've been experimenting with sampling using Casio keyboards and the **AKAI REMIX16**.

With my skills improved, I've been wanting to revisit this project. It was **PARNAS IDEA** that sparked it all. I'd love for you to just sit back and enjoy the music.
